

# LSAT tutor to turn your 165–175 into a 175+

Hello! I'm Henry Hale.

I scored a 180 on the LSAT and would love to help you improve your score. I studied math and computer science at the University of Chicago and was previously an instructor at MathILy-Er, a selective summer math program for high schoolers.

## How I work

I find I am best able to help people who hope to improve on a 165-175. Most of my students should see me for 1 to 5 targeted meetings. We will build a classification of ways that you tend to lose points and label them with mnemonics. Then we will train the skill of identifying how you are about to lose a point before you ever lose it – flaw-jitsu!
